

Content Integration is one of the most challenging aspects of learning technology implementation. The challenges come from building, migrating, and standardizing online content.

The rapidLD Content Integration Support Services (rapidCISS) can assist organizations successfully integrate their current eLearning courses into their LMS as well as offer best practices as it relates to design and development of effective online courses.

## MANAGE CONTENT. BOOST PERFORMANCE. RESULTS.

### CHALLENGE—MIGRATING ONLINE CONTENT

Customers often complain that they are having trouble integrating my current eLearning courses into my new SCORM Compliant LMS. They have legacy content (example: flash) that is not SCORM compliant – what now?

rapidLD will investigate, analyze, and build SCORM Wrappers for those legacy courses that are NOT SCORM compliant – ex: flash courses – so the courses work properly in the LMS and communicates the necessary SCORM 1.2 data elements.

#### SCORM Migration Roadmap

Consulting with the Client, Rapid LD will also create a custom SCORM Migration Roadmap to include:

- a. Listing of all files necessary included in the SCORM Wrapper
- b. Complete step-by-step instructions on how to Wrap future courses

### CHALLENGE—BUILDING ONLINE CONTENT

Customers often say that they are 'having trouble' with one of the major authoring tools. Sometimes courses will not upload correctly or courses are not passing required completion or score information to the LMS.

rapidLD will provide consultation on best practices in building courses using one of the 3 authoring tools shown above so the content works according to the client's instructional design logic. Additionally, if specific courses and not performing as expected, rapidLD will investigate, analyze and test the problem courses created with these tools and provide a solution to include those processes that should be corrected or changed so the course works properly in the LMS.

#### Standards Guide for Developing in Authoring Tools

Consulting with the Client, rapidLD will also provide a Standards Authoring Guide with corresponding Authoring Templates to include:

- a. Standards for building a Lectora course with Template
- b. Standards for building a Captivate course with Template
- c. Articulate storyline with Template
